No Objection Letter: Sinopec Cylinder Oil 5080S (BN80, SAE 50)

Dear Sir/Madam,

The **Sinopec** cylinder lubricating oil **Cylinder Oil 5080S** blended with **API group I base oil** has satisfactorily completed a lube oil quality survey (LOQuS) test and a 4000 hours validation test on-board the vessel **Xin Ping Yang (IMO 9198329)** fitted with a **Wärtsilä® 7RTA84T** engine. Based upon the results of the LOQuS test, the engine inspections and the lubricating oil analyses, Winterthur Gas & Diesel (WinGD) has no objection to the use of the mentioned lubricating oil in WinGD X, WinGD X-DF, WinGD RT-flex, Wärtsilä® RTA, Wärtsilä® RT-flex and Wärtsilä® X engines as well as in Sulzer 2-stroke engines operating on fuels with a sulphur content in the range of **1.0<S<2.5% w/w**.

Sinopec assumes all responsibility for the performance of the mentioned lubricating oil in service in the mentioned engine types to the exclusion of any liability of WinGD and companies belonging to the Wärtsilä group. **Sinopec** along with other possible manufacturers and distributors of the mentioned lubricating oil shall indemnify, compensate and hold harmless WinGD and companies belonging to the Wärtsilä group from and against any claims, damages and losses caused by the mentioned lubricating oil. The application must comply with WinGD's and Wärtsilä's lubricating oil requirements and recommendations. Lubricants should be used as recommended in the Wärtsilä Technical Bulletins RT-138, RT-161 and other manuals.

Sinopec undertakes to inform the undersigned representatives of any subsequent changes in the formulation of the mentioned lubricating oil. This **No Objection Letter is valid for a period of two years** from the date of issue and may be re-issued and extended if satisfactory field performance is proven during the two year period.

Yours sincerely,

Konrad Räss
